- 25X1 1. ☐ Comment. These shipments possibly arrived by water at Stettin from where they were forwarded by rail to East Germany via Kuestrin.
- 25X1 2. ☐ Comment. Probably a newly manufactured engine from the Karl Marx Locomotive and Railroad Car Factory in Berlin-Babelsberg.
- 25X1 3. ☐ Comment. The report gives valuable information on commercial traffic between the Eastern bloc countries. The increase of shipments after 7 July is due to the rerouting of part of the traffic previously carried on the Frankfurt/Oder - Brest Litovsk line through the Kuestrin border station.
